

Dear Friends and Donors,
Warm greetings from Precious Women Organization.

We hope you were enjoyed reading our newsletter and monthly updates. Today we are excited to share the story of a woman who is beginning a new journey toward hope, dignity, and a brighter future.

The Initiative Change of Lily

Night outreach activities

Lily's story reflects the struggles faced by many vulnerable women in Cambodia. Growing up in a poor family, she left school at primary level due to financial hardship and began working at a young age to support her family. After migrated to the city, she works multiple jobs, including in the entertainment sector.

Working in entertainment venues at night also exposes her to significant risks. While accompanying customers, she experiences verbal abuse, sexual harassment, violence, social stigma, and ongoing psychological pressure. At times, she feels compelled to consume alcohol and engage in activities against her wishes to earn additional income. These conditions can lead to physical and mental health challenges, including fatigue, sleep disturbances, stress, anxiety, and other psychological issues. She is also vulnerable to infectious diseases, alcohol related harm, and threats to her personal safety. Although she is aware of the many challenges and risks associated with this work, she often feels trapped and hopeless due to her limited education and leaves her with no opportunities to improve her situation.

Salon class activities

However, her situation began to change when she connected with the staff from Precious Women Organization during night outreach activities in February 2026. After that she received empowerment training and introduced the vocational skills. Through counselling, encouragement, she regained confidence and hope for the future. It creates the positive change in life, Lily decided to get enrolled in salon training in May 2026. By enrolling in this salon course, she sees new opportunities as a great initiative for her life.

“My life has been transformed by these programs, and now I am ready to use my skills and experience to help transform other women,” Pisey said.

news with you all! we ask for your uplifting prayers to help make this vision a reality. With Pisey's skills and her few years of experience running a salon business, she is now offering to give back to Precious Women. She will provide training to other women who are still trapped in the dark life of sexual exploitation.

We have put her ideas and commitment into a concrete plan. Our goal is to start a salon training center that also serves as a practical workspace for these girls to earn an income. Through this, they can find the opportunity to stop working nighttime jobs and start a fresh life by the last quarter of 2026.

To achieve this, we need your prayers, financial contributions, and volunteer support. Please join us in prayer and consider helping with the following needs:

- Four salon chairs: \$120 each
- Four mirrors: \$80 each
- Two hair washing beds: \$170 each
- Two nail chairs: \$150 each
- One display cabinet: \$150
- Full set of facial products and machines: \$500
- Full set of nail products and machines: \$500
- Full set of hair products and machines: \$500
- Shop rent and initial deposit: \$400/month
- Shop decoration costs: \$1,000
